A Brief History of Bush's Time By Randall Hoven The current narrative of the Bush Presidency is that it is a failure (believed by 107 of 109 historians surveyed) and that George W. Bush is the worst President in history (believed by 61% of those surveyed historians). Senate Majority Leader Harry Reid (D-NV) said, The president already has the mark of the American people

The current narrative of the Bush Presidency is that it is a failure (believed by 107 of 109 historians surveyed) and that George W. Bush is the worst President in history (believed by 61% of those surveyed historians). 107 is good enough for me. Have a great time visiting the George W. Bush Library, let us know how they will enshrine My Pet Goat .
